

Statement of Purpose

King Edward VII's Hospital Sister Agnes

Established in 1899, King Edward VII's Hospital is an independent charitable hospital with a long history of providing the highest quality surgical and clinical care, using advanced medical techniques. King Edward VII's Hospital is governed by Royal Charter and regulated by both the Care Quality Commission and Charity Commission.

The provider, King Edward VII's Hospital Sister Agnes operates from a single location, King Edward VII's Hospital, in the centre of London, which consists of three buildings. Main hospital building located at 5-10 Beaumont Street; King Edward VII's Medical Centre (Outpatients) is opposite at 54-55 Beaumont St; Agnes Keyser house (Administration – staff only) adjacent to King Edward VII's Medical Centre. The main hospital is a 52 bed, independent charitable hospital with a 4 bed critical care unit, four operating theatres, diagnostic screening and imaging and outpatient services, including GP services. It provides regulated activities to adults aged 18 - 65 and 65+ years.

The Hospital employs 335 members of staff.

The charity provides support to military veterans through subsidised treatment and the Hospital Pain Management Programme

Our Values

Our Values are:

Professionalism – We encourage our teams to be the best they can be and meet the highest standards through:

- Acting with integrity
- Accountability
- Continued learning

Quality – We will provide excellence in everything we do through:

- Innovation
- Listening to and acting on feedback
- Measuring outcomes and informing actions

Respect – We will respect other people's views to ensure an open inclusive working environment through:

- Compassion
- Dignity
- Honesty

Safety – We are committed to providing a safe environment for our patients and colleagues through:

- A learning culture
- Freedom to speak up
- Transparency

Teamwork – We work as a team so we achieve more together by being:

- Collaborative
- Fair
- Open

The Hospital Vision is to be:

The leading private hospital in the UK and to support an increased number of veterans through our charitable work.

Our Mission Statement is:

To consistently deliver the highest standards of personalised patient centred care, in a safe and kind environment, through our exceptional and empowered teams. This will enable us to deliver our charitable works within the veteran community.

Organisational objectives from the hospital strategy 2024-29

1. To ensure the future sustainability of the brand.
2. To ensure the organisation delivers safe, outstanding patient centred care as measured by performance metrics and patient feedback.
3. To ensure the organisation achieves, maintains and evidences compliance with regulatory requirements.
4. Secure the funding to continue redevelopment of the main hospital site, through fundraising or partnership working.
5. To double the number of veterans we support.
6. To complete the digital transformation programme, thus creating a safe and secure informatics environment which enhances the working-lives of our staff.
7. To cultivate an exceptional workplace environment at King Edward VII's Hospital, positioning us as the employer of choice within the private healthcare market, celebrated for our inclusive culture, robust wellbeing initiatives, and unwavering support for our workforce.

Our regulated activities

- Treatment of disease, disorder or injury
- Surgical procedures
- Diagnostic and screening procedures
- Family planning services

King Edward VII's Hospital provides regulated activities to adults 18-65 and 65+years.

Surgical procedures

The hospital has four operating theatres and provides elective surgical procedures to patients in the following specialities:

Urology	Gynaecology	Colorectal
Orthopaedics	Ophthalmology	Bariatric
Breast surgery	Plastic surgery	ENT

Treatment of disease, disorder or injury

The hospital also provides treatment of disease, disorder or injury to adult medical patients including those undergoing endoscopy and End of Life Care. The hospital is equipped to provide Critical Care up to CCU level 3 if required.

The hospital has an outpatient centre for consultations, including GPs, minor procedures and phlebotomy.

Diagnostic and screening procedures

King Edward VII's Hospital provides diagnostic and screening to adults including imaging such as x-rays, CT and MRI for both inpatient and outpatients.

Family planning services

The hospital implants intrauterine devices during gynaecological procedures usually for menstrual disorders in line with NICE guidance.
